

MEMORANDUM FOR CHIEF CENWP-CT-C (David Ebner)

SUBJECT: HDC Case No 03-31, Sole Source Contract with Actuation Test Equipment Company (Doug Albright) for Procurement of a Type 1 Optimizer (Index Test Box), McNary Powerhouse, Kaplan Turbines

1. Enclosed are a Scope of Work and a Sole Source Justification for the above-entitled work. This procurement is for a very specialized data-measuring tool that was invented by the current owner of Actuation Test Equipment Company. No patent is currently pending on the original invention, and the Government desires for the inventor to design/develop and install a modernized version of the original ITB at McNary. Also enclosed is an IGE for this work, and the Contractor's proposed pricing.
2. Contractual PRC %32194546 has been certified for \$1.00 to begin the contractual process. Labor for CT is **L55821**. The amount of \$700.00 has been provided initially to prepare this work.
3. If you have questions concerning this work, please contact Mr. Rod Wittinger at x-4280 for technical questions or Ms. Kathy Vest at x-4219 for administrative questions.
