Re: Freedom of Information Act Request 2006-074

Dear Mr. Albright:

This is in response to your email message to me on May 7, 2007. You stated that there was a decision by the Secretary of the Army and General Counsel to make a "total release" of documents. Please let me clarify that no decision was made by either the Secretary of the Army or General Counsel other than to take no action on the appeal as all of the documents previously withheld by the agency had been released to you, therefore your appeal was moot.

My records indicate that you already received the portions of Appendix A through R that had been withheld. However, in case they were not included in my last letter to you, I am enclosing them again now.

Sincerely,

A handwritten signature in cursive script, appearing to read "Janice E. Sorensen".

Janice E. Sorensen
Freedom of Information Act Officer
